

June 16, 2023

Families,

Hard to believe the end of the school year is almost here. We have an update about the building upgrades taking place at Bicentennial School.

***Thistle Street Side***

Construction of the new exterior walls is nearing completion. Window trim, windowsills and baseboards are currently being installed.

Outside, brick work for all three walls has begun. Inside, insulation, drywall and paint has also started.

***Victoria Road Side***

The new pathway will be paved this summer. The temporary landscaping fence will remain until paving is done and landscaping begins on the Thistle Street side.

**This project will be complete before school opens in September. We'll provide one final update when it's done.**

As always, classrooms are ready for student learning during these upgrades. Although construction may be visible from your child's classroom, we want to assure you that all work will take place outside of regular school hours.

If you have any questions or concerns about these projects, please contact the HRCE Operations Services team at [hrceoperations@hrce.ca](mailto:hrceoperations@hrce.ca).

Have a wonderful summer!

Sincerely,

Kavita Khanna  
Director, Operations Services  
Halifax Regional Centre for Education
