

May 7, 2026

Families,

Thank you for taking the time to share your feedback on the proposed reconfiguration for John W. MacLeod-Fleming Tower. We appreciate your engagement and the thoughtful perspectives you provided.

We heard strong support for this change. **Based on this feedback, we will be moving forward with the plan for John W. MacLeod-Fleming Tower to become a Pre Primary–Grade 5 school, with Grade 5 students remaining at the school rather than transitioning to Elizabeth Sutherland/Cunard. This change will take effect in September 2026.**

We recognize that any change requires careful planning, and our focus now is on ensuring a smooth and well-supported transition for students and families. School staff and HRCE teams will work together over the coming months to support students and maintain program continuity.

You can expect regular updates as we prepare for the new school year.

Thank you again for your participation and partnership.

Sincerely,

Steve Gallagher
Regional Executive Director
Halifax Regional Centre for Education
