

March 11, 2021

Families,

We are writing to provide you with a progress update on the new schools being built on Broad Street.

School Steering Team

The School Steering Team (SST) held its first meeting on February 4. You can find the agenda and minutes from this meeting on the HRCE website at www.hrce.ca/new_broadstreet_schools.

The next meeting of the SST is scheduled for tonight (March 11, 2021).

Design

The design of both schools is starting to take shape and expected to be completed later this spring. Below, you will find a conceptual drawing and an image of the site.

Construction

Site servicing and excavation work is currently underway. A number of tenders have been let and awarded; including:

- Site Clearing;
- Legal Survey;
- Site services and Building Excavation;
- Formwork;
- Reinforcing Steel;
- Concrete Supply; and
- Structural Steel.

More Information

As we progress through the planning and construction of both schools, we will continue to provide you with new information. Updates, agendas, minutes, photos and more will be posted on the HRCE website at www.hrce.ca/new_broadstreet_schools.

With thanks,

Susan Casey
Principal, PP-8 school

Sean MacDonald
Principal, 9-12 school
