

School Alert Message – March 29, 2018

Parents/Guardians,

Progress continues on the design and construction of the new school.

The contract for the foundations package has been awarded to Avondale Construction Ltd. The work on site will begin sometime during the first two weeks of April.

The contract for the supply and erection of the steel structure has been awarded to RKO Steel Limited. Work will begin immediately on steel fabrication off site, while the foundation work on site is in progress.

An updated rendering of the new site plan was received earlier today and has been posted on the school board website at:

<https://www.hrsb.ca/about-hrsb/operations-services/capital-projects/new-halifax-south-peninsula-p-6> .

Updated floor level plans should be available in the next week or two.

The new school remains on schedule to open in September 2019.

I hope everyone has a relaxing and wonderful long weekend, and we look forward to seeing our students return on Tuesday, April 3.

Sincerely,

Moira Cavanaugh
Principal
