

**LeMarchant St. Thomas School Project
Construction Progress Update**

July 6, 2018

Marco Maritimes has been awarded a contract for:

- Construction of the new school building
- Reconstruction of the existing sports field

Marco Maritimes will make every effort to minimize impacts on neighbours and will follow HRM construction guidelines including site access, traffic control, and noise restrictions.

Activities

1. Structural steel erection is ongoing and is expected to be complete by end August.
 2. Reconstruction of the sports field is underway and will be complete by August 31. Please note that the sports field will remain off limits as it is within the construction site and requires a year of growing to fully establish the field. The field will be available for use once construction is complete.
 3. Installation of the site services (stormwater/sewer/water) is expected to commence by mid-July. This work will require hook-up to existing infrastructure in Watt Street. Traffic control personnel will be on-site during the in-street activities.
-

Contacts

For **construction related concerns**, contact Marco Site Superintendent, Rodney Levangie at 902-318-1083.

For **site configuration concerns**, contact the TIR project site inspector, Eric Leslie at 902-237-5155.

For **general, new school project concerns**, contact Krista Ranahan of Nova Scotia Department of Transportation and Infrastructure Renewal at during regular business hours at 902-722-1207 or krista.ranahan@novascotia.ca

SAFETY NOTICE

Please note that this is an active construction site. No persons are allowed on site without appropriate protective equipment as directed by the Marco Maritimes construction signage posted at both site entrances. If you have an issue that you wish to discuss, please contact the appropriate person as listed above.

Yours truly,

Krista Ranahan, P.Eng.
NSTIR Project Manager
