Date: September 1, 2016

Re: **Transportation of Students - Co-curricular/Extra-curricular Trips**

As referred to in the **Student Transportation Policy F.005 Sections 7 and 8**, schools should first consider the use of regular school bus vehicles to transport students on Co-curricular/Extra-curricular trips. Motor Carrier Act legislation (Clause 42A (s)(a) is in effect pertaining to the use of Privately Owned, or Board Owned, Leased Controlled or Contracted Vehicles for Co-curricular/Extra-curricular School Trips. (**Note:** The legislation does not affect transportation to and from school.)

School Board insurance is filed to provide the excess insurance required by legislation, over and above the level currently maintained on the vehicles you will be utilizing.

You are required to have teacher/parent volunteers complete the attached **Form J** [Nova Scotia Utility and Review Board in the matter of the Motor Carrier Act Confirmation and Undertaking respecting Clause 42A (2)(a)], each school year and maintain this information on file in your school.

A driver that is not less than 19 years of age and does not have the status of a newly licensed driver under the Motor Vehicle Act may drive themselves on these trips. However, do not arrange for other students to travel in their vehicles. An "N" displayed on a driver's license would indicate that the individual is newly licensed.

You must also maintain a list of students who are travelling in **each vehicle**, in the school office along with a copy of the list in each vehicle.

If you wish to utilize taxi service for the above noted trips, you (or designate) must request a taxi that is approved under the Motor Carrier Act Regulations. You are required to have the owner of the taxi complete the attached **Form K** [Nova Scotia Utility and Review Board in the matter of the Motor Carrier Act Confirmation and Undertaking respecting Clause 42A (2)(a)], each school year and maintain this information on file in your school.

Upon arrival of the vehicle at your school to pick up the students, you (or designate) should then confirm that the vehicle meets the Motor Carrier Act Regulations as follows:

To determine if the vehicles are appropriate to meet requirements, operators can refer to the manufacturer's certification exhibited on every vehicle, generally found in the driver's door jam. The information will be noted either by a) serial number code using numbers and letters or b) manufacturer's tag indicating the vehicle was constructed as a multi-purpose passenger vehicle (MPV) or passenger car. Owners or operators who have difficulty determining the vehicle's class should contact the respective dealer to clarify the vehicle type and a copy of the dealer's letter must be requested from the dealer.

Approved vehicles include:

- Multi-purpose passenger vehicle (1994 model year or later, including sport utility vehicles and mini-vans classified as MPV) with a **designated seating capacity of ten or less**.
- The 1994 Model Chrysler Mini-Vans (Designated MPV) must be in compliance with the 1995/96 Chrysler recall notice for replacement of the rear door latch mechanism. A copy of the dealer's completed work order must be attached to the Form J.
- Passenger car with a **designated seating capacity of ten or less**.
- Trucks, 1994 model year or later, with a **designated seating capacity of ten or less**.
- A motor vehicle owned and operated by the parent of the pupil for whom the transportation service is provided and is only being operated for the purpose of providing transportation to the pupil of the parent.
- **Special transit vehicle** that has been designed and manufactured or converted to transport persons with physical disabilities (with a **designated seating capacity of 11 to 14 passengers**).

NOTE: **Convertible vehicles may not be used.** Convertible is defined as a motor vehicle designed or constructed with a roof that is completely or partially retractable or removable. For definition purposes, this includes all vehicles with partially or completely removable roofs; excluding sunroof.

If you have any questions, please contact Transportation Services at 464-2000, ext. 2871 or send an email to Ron Heiman (rheiman@hrsbc.ca).

Form J

Nova Scotia Utility and Review Board In
the matter of the Motor Carrier Act
Confirmation and Undertaking respecting
Clause 42A(2)(a)

The Undersigned,

Name _____ check one: Parent ___ Pupil ___ Teacher ___ Volunteer ___

Address _____

(city) (postal code) Phone: (home) _____
(office) _____

Motor Vehicle: Year _____ Model _____

Hereby confirms that, In respect of the above described vehicle:
