

August 19, 2019

Parents/Guardians,

I am pleased to provide an update on the construction project taking place at Oxford School during this year. As I indicated previously, the Halifax Regional Centre for Education (HRCE) will be making upgrades to windows and masonry and adding an additional stair lift in the building to aid access to the gym.

The project has started and is expected to be completed by December 31, 2019. The duration of this project may be affected by weather conditions. All work will be coordinated to ensure minimal impact during the school day.

Please share this message with anyone in the community who may not have received it.

As I indicated in my previous letter, updates on the project are posted to the HRCE website at www.hrce.ca/about-hrce/operations-services/capital-projects.

A handwritten signature in blue ink, appearing to read 'Jacob Ritchie'.

Jacob Ritchie,
HRCE Director of Operations

Cc: Jan Gillespie, School Principal
