December 15, 2017

Dear Parents/Guardians,

We recently received notice from the Department of Education and Early Childhood Development that funding has been allocated to upgrade the roof and replace some windows at Oxford School.

The Halifax Regional School Board is currently developing a work plan for the project and we will provide you with updates as the project progresses. The project must be completed during this fiscal year which ends March 31, 2018.

Undertaking repair work during the school year, while not uncommon, can be challenging. As always, we will work with the administration and the contractor to minimize the impact on the school.

If you have any questions about this project, I would encourage you to contact the school and speak with the principal. They should be able to answer any of your questions or direct you to the appropriate contact at the board for a response.

I want to thank the provincial government for their investment in Oxford School.

Regards,

Elwin LeRoux,  
Superintendent
