

April 4, 2019

Hi all,

We need your input. I have been asked to send the following message from Jacob Ritchie, HRCE Director Operations:

Dear SAC Chairs,

As the HRCE begins planning for September 2019, we are asking SAC Chairs for input in the area of student transportation communication. Your feedback will help us plan effective strategies for ensuring that families have the information they need when it comes to busing.

We need your input to this critical question:

On a regular basis, what communication do families need to ensure the best busing experience for their children?

We are using Thoughtexchange, an online platform that will record your responses to the question and provide our staff with some analysis of the input. Between today and Thursday, April 11, we are asking SAC Chairs to take a few moments to follow the link below and provide their thoughts. Once enough answers are submitted, the software will prompt you to rate the ideas provided by other SAC Chairs. The rating process will allow us to identify the areas the majority of respondents think we need to focus on. All of the responses and feedback is gathered anonymously.

The link is: <https://my.thoughtexchange.com/#817743052>

Your feedback is greatly appreciated!

Jacob Ritchie,
Director of Operation

Thank you,

Susan Tomie

Director, School Administration
