

May 6, 2019

Good Morning all,

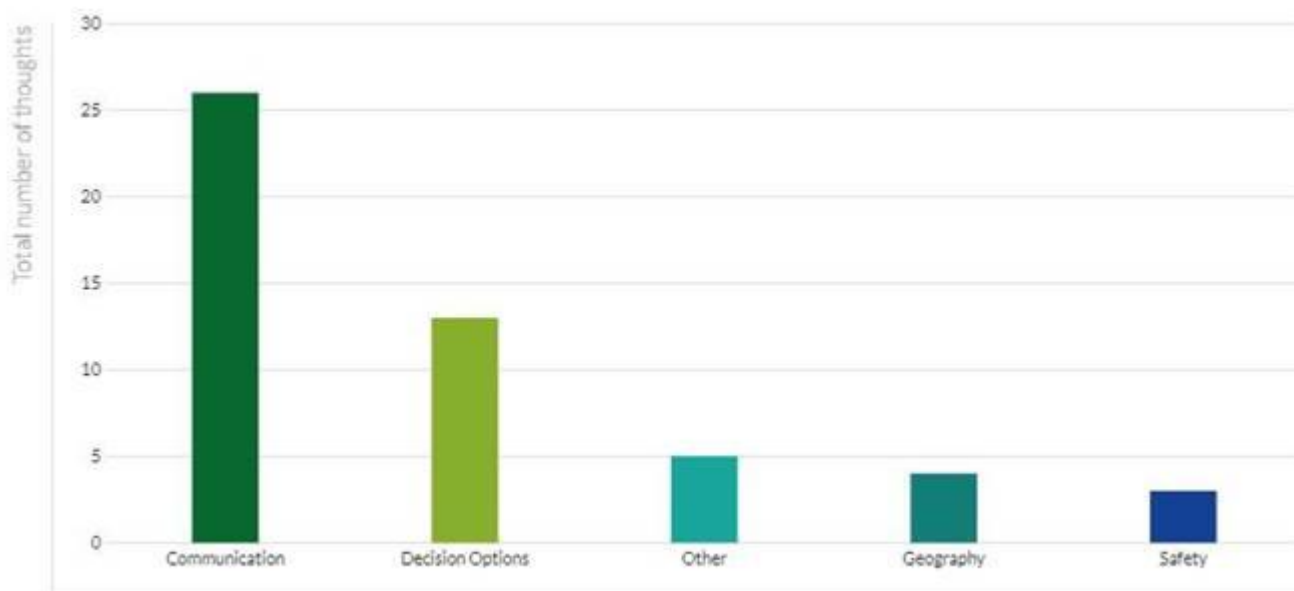

Thank you to the School Advisory Council Chairs who took the time to complete the recent Thoughtexchange on winter weather decisions. The question asked was:

Every spring, HRCE staff reflect on how we respond to winter weather conditions. As we plan for next winter, what do you want us to know?

Fifty-eight (58) people participated in the Thoughtexchange and together they generated 82 distinct thoughts and assigned 914 ratings to those thoughts.

As you can see from the chart below, most thoughts could be categorized into one of the following themes:

- Communications
- Decision Options
- Geography
- Safety
- Other

If you are interested in taking a deeper dive into the results, [click here](#).

HRCE staff will be using this feedback as we reflect on decisions made last winter and plan for the 2019-2020 school year.

Thanks again for taking the time to share your thoughts.

Jacob Ritchie
Director of Operations
